FRANKLIN MAKES PROFIT.
SYRACUSE, N. Y., Feb. 4.—The Franklin Automobile Company was able to show a profit in 1932, according to a statement just made by President H. H. Franklin in his annual report to stockholders of the company. In his report Mr. Franklin continued, "The chief concern of manufacturers has been to safeguard their capital rather than to make a profit. The liquidation of high-priced materials on a falling market is a difficult undertaking, but it can be said that the industry in general succeeded very well. The present trend in all markets is towards price stabilization."
